The future of Roxby youth

ROXBY DOWNS... 'Youth Futures in Roxby Downs' – a paper prepared by youth development consultant Jack Wade – was released to the public this week at a meeting with youth and key stakeholders.

The paper, financed by BHP Billiton and Olympic Dam Operations, highlighted a series of issues facing local youth and the wider community.

"This paper has been developed as an essential element in an important planning project to identify youth development goals for the next three years, to be supported by a detailed operational plan," Mr Wade told *The Monitor*.

"It reports on consultations that have occurred recently across the community and is intended to stimulate discussion leading to agreement on the goals for youth development."

The report, which comes after three months of community consultation, defines young people as "persons aged between fourteen and nineteen years who are experiencing the transition from childhood to adulthood".

'Youth Futures in Roxby Downs' has been welcomed by the new Roxby Downs Council family and youth officer Tom Beever as both "controversial and honest".

Some key points highlighted in the paper include:

- A perception that Roxby Downs Youth Service, though "an important and valuable resource" is not "sufficiently engaging" for older teenagers, that the service does not network sufficiently with other local services and suffers from the "absence of a degree-qualified social worker with extensive experience in working with young people".
- In contrast, local youth spoke of "intense boredom; a lack of respect for young people from adults; and a lack of real commitment by the community to support activities for young people outside organised sport".

Sports centre shut to public in holidays

...continued from Page 1.

ROXBY DOWNS...Roxby Downs Leisure Centre will close its doors to potential vandals during the upcoming school holidays, following an increase in vandalism at the centre.

Vandalism at the centre has increased this year, according to facility manager Laurence Duggan, culminating this past month in doors pulled off hinges, holes kicked in walls, holes drilled in the stadium floor and support bars on the basketball hoops bent.

"It's not just the damage that concerns us," Mr Duggan told *The Monitor*. "It's the fact that this damage occurs when user groups are playing sport in the facility - and no one reports it."

"Sometimes things happen and they're accidents - we understand that and we can get them fixed. But this wanton damage and vandalism is going to cost everyone."

"We've already decided to close the stadium during the school holidays to make the repairs before the new sport seasons start."

"But if this damage continues then we'll

have to assign a staff member to supervise the building while user groups are here and if that happens costs will go up."

Mr Duggan called on facility-users to "take ownership of the centre" and speak out against vandals.

"Someone must be seeing this damage occur - it's happening while sports are being played in the centre."

"If we allow this to continue, fees will go up dramatically and that is going to hurt everyone."

"Already, every time there's a change of user we're checking the stadium top to bottom and user groups are going to be charged when we find damage."

"After three years of great relationships with people, this year has just been terrible - we have to make these changes just to make people accountable."

"But the best thing people can do is stand up themselves - for their facility and their sporting groups - when they see someone damaging the centre."

Editorial
SEONIE LYON
 Editor of
The Monitor - Your Community Newspaper

Let's just be blunt here. Why are you reading *The Monitor*? Why did you pick this newspaper up off your front path or the café counter today?

Surely, if you were unhappy with the policies and standard of this newspaper - you'd use it to line your budgie cage without ever opening it up? I sure would...but then, I'm perhaps the only person in our readership who can be absolutely confident in *The Monitor's* editorial policies - because I set them.

So, perhaps, I take it a little too personally every time I hear rumours *The Monitor* is simply 'a puppet arm of the evil establishment'. (That quote reached me in a roundabout way once and I've clung to it, gleefully, ever since.) Never before has *The Monitor* taken on this perception, head-on. But here goes...

Yes, the Roxby Downs Council is the custodial owner of *The Monitor*. *The Monitor* came about as a result of my original business plan, a community need highlighted in the Roxby Reports 2001 and a series of progressive business loans provided by the Roxby Downs Council. However, it is true to say that without Council's instigation our newspaper would never have existed.

The Roxby Downs Council news page is a paid newsletter and it is the only part of the newspaper that passes under a council employee's eyes before it hits your doorstep. We do not let any organisation vet our news.

The Monitor is managed by Ray Goldie in cooperation with the local team. The aim of this arrangement is to ensure *The Monitor* staff - me, in particular - have editorial independence while still providing a mentor for local staff. Not even Ray gets an early sneak-peek at our news - all editorial decisions are made locally in The Monitor office.

We are currently in the process of becoming an independent body with a board of our own - but it hasn't been a simple process and we're still working on the details.

As a journalist of more than 10 years now, I have found it very difficult to balance the needs of a business and the responsibilities of a reporter but never, ever, have I backed down from a valid news story in an effort to avoid upsetting an advertiser or contributor.

To suggest so, is slanderous, and - frankly - gets me riled up.

At the same time - *The Monitor* is not my private soapbox either. When someone stops me in the street to voice a complaint or highlight an issue, I encourage them to be part of a story, or to write a 'letter to the Editor'. I am not free to write unsubstantiated stories in *The Monitor* - and this column is the only part of the newspaper where I get to write my opinion...that's why my face is firmly planted at the top of the column, so you know that these are my words.

When we receive a 'letter to the Editor' we vet it carefully to ensure it contains no defamatory claims - after all, we're not doing anyone any good if we can't publish our paper because of a lawsuit. We also give any person or business named in a letter 'right of reply' - call it fairness, but it's also our legal responsibility.

Sometimes, there's a fine line between gossip and opinion. Contrary to community 'perceptions' - there is no 'freedom of the press' in Australia, but we at *The Monitor* comply with industry ethics and legal requirements.

Perception is a powerful thing, isn't it? And there are some interesting perceptions floating about around your community newspaper.

The Monitor is a not-for-profit business - my wage, and that of the six other employees at this tiny little organisation is paid by our advertisers, as is our printing bill and our distribution to more than 3100 homes and businesses.

In contrast, the newspaper puts more than \$5000 back into the local economy every week.

We do not plan to ever become a paid newspaper - that would undermine our commitment to this community. Our goal is to reach as many readers in the Far North and Outback as possible - the best way to do that is to be delivered free. In this way, we guarantee our advertisers the widest potential clientele and, they in turn, continue to support us by advertising. This advertising support allows us to provide a series of free services to the wider readership - things like community and sporting calendars, advice on local services and community support groups...as well as a healthy dose of good old news, sport and entertainment.

Being free does not suggest that our quality is inferior to other, paid newspapers - in fact, *The Monitor* continues to receive industry recognition throughout Australia. Being free, simply means we do the job we were designed to do.

As a community newspaper - I feel, we have a role not only to report news, but to generate discussion and highlight relevant issues. That is why, we encourage you to write to us, call us, stop us in the street - so that we can address the issues that concern you. But they have to be your concerns - the community's concerns - not just my opinion. And you have to be prepared to put your name to them too.

I'm not asking you to believe everything you read. Please don't. Question us, question all media, complain, write letters, make sure you get the answers you're looking for - or the newspapers you read really will be useful for nothing except kitty litter. *The Monitor* is your community newspaper - make the best use of it you can!

Far North
in Focus

OUTBACK... The Outback Cattle Drive will take a new route in 2007 – the Oodnadatta Track. This year's event was held along the Birdsville Track and attracted hundreds of 'drovers' from around the world and throughout Australia. The 2007 Outback Cattle Drive will echo the 'Horns and Hooves Down the Oodnadatta Track' held earlier this year. A highlight of the 2006 Outback Cattle Drive will be camping at Anna Creek Station – SA's largest cattle station measuring 30,027km². For more information about the event, log onto www.cattledrive.southaustralia.com.

OLYMPIC DAM... The SA Government has, again, thrown its support behind the proposed expansion of Olympic Dam as a 'major development'. Premier Mike Rann says the expansions will mean "thousands of new jobs for South Australians and a huge boost for the state economy". The 'major development' status requires BHP Billiton to meet a series of reporting obligations including the preparation of an Environmental Impact Statement. The decision to grant the Olympic Dam expansion 'major development' status was gazetted last week. The move comes at the same time as the introduction of a Bill, by the Rann Government, to change the way mining royalties are calculated in SA. Royalties are currently calculated at 2.5 per cent the value of minerals leaving the mine. The changes will introduce a split rate – 1.5 per cent for the first five years, and 3.5 per cent thereafter.

WOOMERA... Japan has postponed testing of a supersonic aircraft in South Australia's outback. The Japanese government-funded National Experimental Supersonic Transport project was to have made a test flight at Woomera next week, but an anomaly in the measurement system of the aircraft has put back the test flight date until the first week of October. The project aims to build a plane that would fly at twice the speed of sound, and be capable of flying twice the distance of the Concorde with three times the passengers. In 2002, an 11-metre model - one-tenth the size of the planned supersonic plane - crashed within seconds of take-off on a test flight at Woomera. This year's scheduled tests represent phase two of the \$360 million project being overseen by Japan's National Aerospace Laboratory.

COOBER PEDY... Coober Pedy will share in \$68.3 million allocated by the State Government for road maintenance. Funds will be used for resurfacing works on some of Coober Pedy's town streets, to be completed before July 2006.

OUTBACK... The first 'State of the Outback Report', commissioned by the Outback Areas Community Development Trust, was launched last month. The 130-page report aims to provide a 'snapshot' of SA Outback life and will provide a 'benchmark' for developing Outback policy and as a reference point for future decision-making, Minister for State-Local Government Relations Rory McEwen said. "Excluding the major centres of Coober Pedy and Roxby Downs, the reports found there are less than 8000 people living in scattered communities across the state's Outback areas," Mr McEwen said. "Interestingly, the report found those residents are less stressed than other South Australians, more likely to use renewable energy and have a strong identification with their cultural and local communities."

Students support on-site safety

SAFETY WEEK... Olympic Dam emergency services officers Jody Holden and Sherron Butler give Louise, 9, and William, 10, a taste of life in uniform during 'Safety Week' at St Barbara's Parish School, left, before students lined up to try their hand at the hoses.

ROXBY DOWNS... St Barbara's Parish School students are helping to keep their families safe on site at Olympic Dam.

LGG students at the school have created a banner which, in cooperation with BHP Billiton, will be displayed on site at Olympic Dam.

The banner encourages employees to 'think of us – be safe' and features students' faces.

The concept was initiated by BHP Biliton employees and local parents Paul Dear and Mark Davies who hoped the banner would personalise safety issues for Olympic Dam employees.

To celebrate the initiative, St Barbara's Parish School students have enjoyed a 'Safety Week' this month, which included visits from the Olympic Dam emergency services officers.

Hoons can expect to lose vehicles

FAR NORTH... Almost 20 Far North 'hoon drivers' have been charged by police since SA's new misuse of motor vehicles laws were introduced in early 2005. Of the 19 'hoon drivers' reported, seven occurred in Roxby Downs.

"All these were before we had policies in place for the impounding of vehicle - as a result we have not impounded any vehicles," Sgt Richard Hobbs told The Monitor.

However, Sgt Hobbs said local 'hoons' can expect to lose their vehicles in the future if they continue to misuse motor vehicles.

"The new law is very important locally, given the number of 'burnouts' that were occurring in town just prior to the new laws being introduced," he said.

"These have since diminished dramatically. Unfortunately drivers are still giving the Bypass Road T-junctions a work-out and creating a very poor image for the town."

Far North and Outback police report Family Day

FAR NORTH & OUTBACK...A 21-year-old Roxby Downs man was reported for breaching his bail conditions on September 25, 2005.

On the same day, a 52-year-old Roxby Downs man was reported for breaching his guarantor agreement on .

On September 25, 2005, Roxby Downs Area School reported a non-aggravated serious criminal trespass and theft where someone broke into the school and stole a CD player.

A 20 year old female from Roxby Downs was arrested for criminal trespass and breaching her bail conditions on September 23, 2005.

A report of criminal trespass was received from a Roxby Downs resident on September 22.

On the same day, a report of property damage was received from a Roxby Downs business where a window was smashed.

Police are investigating an assault on a Roxby Downs resident, reported on September 21, 2005.

A report of theft of fuel was received by police from an Olympic Dam resident on the same day.

Also on September 21, a report of property damage was received from a Roxby Downs resident where a screen

door was damaged.

On September 18, 2005, a 23-year-old Woomera man was arrested for assault and breaching his bail conditions.

Police are investigating a report of illegal interference received from a Roxby Downs resident on September 24 when a person broke into a vehicle parked in a car park and searched through it.

On the same day, police received a report that a BMX bike was stolen from Richardson Place, Roxby Downs.

On September 16, a 33-year-old Roxby Downs man was reported for driving an unregistered and uninsured motor vehicle and driving without a licence.

Police received a report of damage to the Hermit Street Playground in Roxby Downs on September 13, 2005. The damage occurred sometime between Friday, September 9 and Monday, September 12. The stairs on the playground were extensively damaged and numerous glass bottles had been smashed in the area.

On September 13 an 18-year-old Roxby Downs man was reported for driving without due care, failing to display 'P' plates and failing to carry a driver's licence after the vehicle he was driving was involved in a collision on the corner of Pioneer Drive and Olympic Way, Roxby Downs.

OLYMPIC DAM...The 2005 Olympic Dam Family Day will be held on Saturday, October 15, from 10am-4pm. The event will coincide with the summer opening of the Roxby Downs Leisure Centre Swimming Pool, which will be open for all the community for free swimming all day.

The 2005 Family Day marks the 30th year since the discovery of the Olympic Dam orebody in 1975, and the event will acknowledge WMC Resources' contribution to Roxby Downs, and welcoming BHP Billiton to the region.

History buffs will be fascinated with footage shown all-day in the Outback Cinema - a selection of short films from discovery of the orebody in 1975 through the 'hey day' of the expansion in the late 90s and right up to present day. Displays in the auditorium will illustrate Olympic Dam's development since the discovery, as well as tell visitors all about BHP Billiton, the mine's new owner.

Richardson Place will be closed for the day, with rock climbing on the lawns in the middle of the town. In addition, the infamous Roxby Rocket will provide all-day rides for kids both young and old alike on the school oval, there'll be face painting, giveaways for all, and the star of the day - Humphrey Bear!

There will be a free barbecue lunch at midday as well as drinks and iceblocks for everyone who attends.

Kids - look in this issue of *The Monitor* for a colouring-in competition entry form - color-in the picture of Humphrey and you could win some great prizes and even meet the brown bear himself, who will present the winners with their prizes on the day!

OD UPDATE... Welcome to OD Update, your update of what happened in the last month at Olympic Dam (OD). Brought to you by OD Public Affairs, this is where you can learn about how the operations works, keep in touch with all the latest OD news, and have your questions about us answered.

BHP Billiton integration update... The three-month official integration phase of Olympic Dam into BHP Billiton has now been completed. Branding on site has been a key focus and all signs and vehicles have been replaced with the appropriate BHP Billiton branding (as pictured below). Other changes, such as new uniforms for all employees, will soon be implemented.

OD TEAM... The Olympic Dam Leadership Team at BHP Billiton Olympic Dam (from left) Vice President Mining Mike Spreadborough, Asset Maintenance Improvement Manager Bruce Coates, Vice President HSEC Alison Hartman, Vice President Finance Paul Dunn, Vice President Smelting Justin Bauer, Vice President Maintenance and Engineering Jason Schell, Vice President Processing Gary Sutherland, and Asset Leader Dean Dalla Valle.

Underground spouses visit days... Spouses/partners of Olympic Dam Mine (ie. non-processing) employees will soon have the chance to see the underground world for themselves at two 'Underground Spouses Visit Days' in October. Scheduled for Saturday, October 8 and 22, the days will provide an opportunity for locals to better understand their spouse's unique working environment, and will include a short drive-around of the underground mine. Invitations have been mailed to eligible spouses - contact OD Public Affairs on 8671 8100 with any queries you may have.

Family day... The 2005 Olympic Dam Family Day will be held on Saturday, 15 October. See the advertisement in this issue of *The Monitor* for more information.

Sponsorship... As part of its commitment to the local community, BHP Billiton provides sponsorship for a range of initiatives, events and projects. Recent events we have supported include the RFDS Auction and Golf Day, Roxby Downs Tennis Tournament, Roxby Downs Racing Club's Annual Race Day, as well as the upcoming Woomera Town Ball.

GOT A QUESTION?... Need to find something out about OD? Email your questions to TheMonitornews@themonitor.com.au and we'll answer them in the OD Update next month!

New chiropractic service in Roxby Downs

FAR NORTH... Right now is always the best time to start looking after your health - and that's exactly why Access Chiropractic Centre in Whyalla is happy to announce its new, expanded service in Roxby Downs and the Far North.

Drs Allan and Malina Judge of Access Chiropractic Centre have great pleasure in welcoming Dr Aaron Bridge, as an Associate Chiropractor to their practice.

Dr Bridge, his wife Crystal and their two children Asher, 2, and Mia, two months, recently moved to Whyalla from Alberta, Canada.

With Dr Bridge's qualified assistance, Access Chiropractic Centre will now be practising on a weekly basis, in Roxby Downs, Port Augusta, Cowell, Cleve,

Wudinna, Kimba and Ceduna.

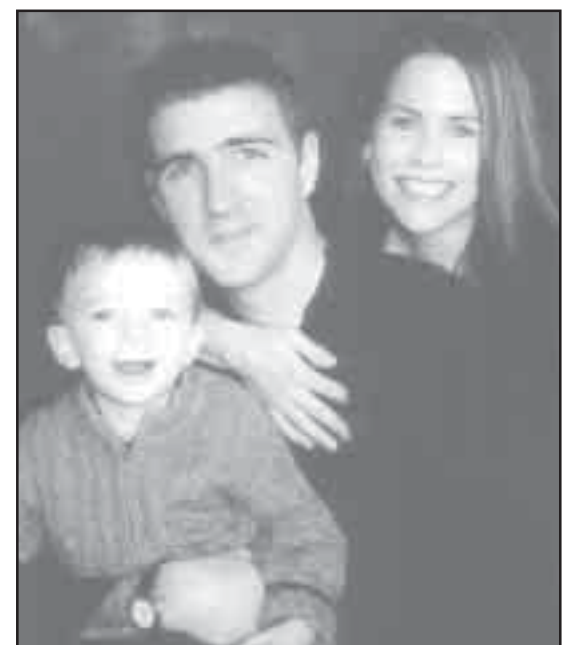

Dr Bridge graduated from the Canadian Memorial Chiropractic College (Toronto) in Ontario, Canada in June 2004.

Upon completion of his chiropractic studies, he accepted an associated position in Alberta where he practised until recently.

Chiropractic is a family affair for Dr Bridge - his father, three uncles, eight cousins and his younger brother also practice chiropractic in Canada and the United States.

Dr Bridge's experience, both as a chiropractic patient and practitioner makes him eager to share his expertise.

To book your local appointment with Access Chiropractic Centre, please telephone 8645 0880.

CHIROPRACTOR... New local chiropractor Dr Aaron Bridge, his wife Crystal and their two children Asher, 2, and Mia, two months, recently moved to Whyalla from Alberta, Canada.

LUNCHING... Jo Leane, Karen Russell and Manda Hollins with Bianca, seven months, enjoying the World's Largest Lunch at the Dunes Café in Roxby Downs. Organisers thanked the Roxby Downs Community Club for their donation of a 'dinner and drinks' voucher for the event - won by Karen Russell.

WORLD'S LARGEST LUNCH... Lyn Bishop and Anneke Botes, at the Dunes Café collecting donations for Leukaemia research at the World's Largest Lunch. The team raised more than \$110.

FRIENDS FAREWELLED... Long-time locals Peter and Kathy Wooldridge will move to Qld next month.

ROXBY DOWNS... Long-time locals Peter and Kathy Wooldridge leave Roxby Downs early next month for Townsville, Qld, where Peter will take a position as engineering manager for Ausenco.

The parents of three have been highly visible in the community - Kathy as community health nurse, former citizen of the year, recipient of the national nursing excellence award and a key figure in health, education, sporting and community groups.

Olympic Dam engineer Peter was formerly chair of the RDAS governing council, and adult education tutor, coach and umpire for local sports. When Peter starts his new job Kathy will enjoy a little sand, sea and sunshine while she seeks work.

Netball Association's disappointment

Dear Editor,

The 2005 netball season is almost over and will end with our Grand Finals and Presentation Night on Saturday 24th September.

However, the Roxby Downs Netball Association would like to express their disappointment with not being able to use the only facility in Roxby Downs to stage their Presentation night due to the extremely high cost of hiring the Auditorium.

As a non-profit sporting club who pays thousands of dollars to use the Cultural Precinct

each year, we find it quite unaffordable to pay another \$350 to be able to use another part of that complex for one more night.

We take this opportunity to publicly thank the Olympic Dam Football Club whole heartedly for letting us use their clubrooms for our Presentation Night, which otherwise might have been cancelled due to lack of affordable facilities.

*Tracy Dear,
on behalf of the Roxby Downs Netball Association Committee.*

A comment on community spirit

To the non community minded person or persons. Do you appreciate what a wonderful town we live in?

We have a community radio station RoxFM that is run by volunteers that are community minded and give their time to bring pleasure to the residents of Roxby.

On Saturday night someone non community minded person or persons destroyed the radio station window. Not only is this an expense and inconvenience the radio station, but I'm sure that you, that person or persons would be the first to loudly complain if there was no radio station.

It up to you! Become one of the community minded population in this town and stop this senseless vandalism.

*Wendy Osborne,
Roxby Downs.*

Right of reply - club presentation nights

Dear Editor,

Any sporting group regularly using the Cultural Precinct-managed facilities has also been allowed free use of the facilities for their presentation nights.

This had been the case since I took over management of the RDLC more than four years ago.

Recently, volleyball presentations, senior basketball finals and even Woomera and Districts Football League mail medal have all been hosted, within the facility for free.

Just this calendar year, we

have allowed these groups to run their own bar, during these events, to raise funds for their individual sporting groups.

Sporting groups who do not use the facilities under normal circumstances are still able to host their presentations at the facilities for \$350, and run their own bar.

Roxby Downs Netball is entitled to free use of our facilities - as they did last year - but those arrangements have to be made through the leisure centre management, who were not contacted this year.

This confusion over Netball's use of the Auditorium has been very unfortunate but we encourage all users of the managed facilities - which includes the tennis courts and ovals in Roxby Downs - to contact me directly to arrange their events in the future.

These arrangements can only be made through me - not through reception staff, who are not empowered to provide free useage to the community.

*Laurence Duggan,
Manager - Roxby Downs Cultural Precinct.*

Farewell to friends

I'm sure I speak for many, who know much better than me, how much Kathy and Peter Wooldridge will be missed in Roxby Downs.

I don't know Peter, and I was only just starting to know Kathy through Roxby Roadsafe.

The Kathy I was just starting to get to know lived up to everything I have ever read or heard about her - a remarkable, compassionate and caring lady with a massive store of knowledge and

experience, which she put to good use for community benefit, and a great sense of humour to boot.

Enjoy your time in the sun Kathy, and take some time out to catch lots of dinners before you inevitably follow your true nature and throw yourself back into volunteering to help others.

May you and Peter always fare well, because you certainly deserve to do so.

*Bev Clark,
Roxby Downs.*

Chrissy's thirst for travel *The future of youth in Roxby Downs*

ROXBY DOWNS...Roxby Downs resident Chrissy Bradford, 23, has been travelling around the world since she was 17.

"I spent a year in Brazil, went to France, Thailand, traveled throughout Thailand, New Zealand and the UK," she told *The Monitor*. "I met my South African partner in London."

When her travels brought her to Roxby Downs, she decided to share her love of travel with others - taking on the position of tourism officer at the Roxby Downs visitors information centre.

"I got into tourism because I wanted to make travel easier for people," she said.

"When I first wanted to go to London I went to a travel agent for advice and she said 'I've never been there, I can't tell you anything about the place' and right then I knew what I wanted to do.

"Since taking on the traineeship position, I've learned so much about our region.

"There's a lot going on here in Roxby Downs - it's a very interesting place - and then you have all the different attractions of Woomera, Andamooka, Olympic Dam.

"I just love when people come back to me and say 'you were right, it was worth the visit'."

TRAVELLER...A thirst for travel and a love of adventure brought Chrissy Bradford to Roxby Downs and her new position as tourism officer at the Roxby Downs visitors information centre.

...continued from Page 1

- "There is a widespread perception amongst young people that there is little wrong with high levels of consumption, irrespective of age. Many report that large numbers of parents are well aware of, and often support, teen drinking."
- "Teen pregnancies have been an issue for young people, with alcohol featuring as a factor in approximately half of these pregnancies. Alcohol also featured in five rape cases."
- Communication concerns and clashes of priority between Roxby Downs Area School and local parents were discussed.
- Olympic Dam operations was also slammed for subsidising Adelaide-based education for the children of its employees, despite the fact that "the company also contributes financially to the area school on an annual basis...the policy is seen to significantly undermine the growth and success of the school".
- Local police resourcing was seen as an issue in address-

ing youth-related crime and issues.

- Parenting methods and priorities were also addressed by a series of stakeholders, including youth themselves.

Mr Wade has heralded the report as the first step in a comprehensive plan for youth development in Roxby Downs, in cooperation with the Roxby Downs Community Plan and the Youth and Families Forum.

To read the report, collect your copy from Tom Beever in Roxby Downs at Roxby Downs Council.

Log onto www.roxydowns.com to discuss the youth issues that most concern you with other local stakeholders, or have your say in *The Monitor* by emailing news@themonitor.com.au.

And keep reading your community newspaper for a detailed overview of the report on October 13, 2005.

Hands-on training for hairdressers

HANDS-ON...Natalie Neville and Tony Gentile, centre, demonstrate new techniques to Tandales apprentices Kelly Spillman, left, and Kylie Dietman, on models Gaylene Crane and Hayley Vonsnarki.

ROXBY DOWNS...Roxby Downs' newest hairdressers were treated to a hands-on workshop with Adelaide trainers Natalie Neville and Tony Gentile last week.

Tandales apprentices Kelly Spillman and Kylie Dietman joined their fellow team-members in learning the latest techniques in long hair cutting. The group was also led through a refresher in colouring techniques.

"This kind of hands-on experience is invaluable for our apprentices," business-owner Taryn Chick told *The Monitor*.

"Our apprentices are very important to us, we couldn't operate without them, and it's important they get the best training.

Tandales Hair and Beauty has been operating locally for almost 20 years and, in that time, has hosted 10 apprentices and dozens of work experience students.

"We'd invite the community let these girls test out their skills - it's cheaper for clients and great hands-on experience for the girls," Mrs Chick said.

Healthy lunchbox hints

HEALTHY EATING...It is great for children and teenagers to have a wide range of food to eat at lunch or snacks each day.

Bringing food from home is a good way to save money and be healthy.

There are lots of ways to make the lunchbox tasty and fun.

Cut up fruit for children – more appealing and more likely to eat it.

Add a surprise to the lunch box like a sticker, message or a joke

Try to include your child/ren in making their lunch. Teenagers can do it themselves!

Ask your children to write a list of foods that they would like in their lunchboxes (healthy of course!). Suggest to them to help you with “lunchbox shopping”.

Use a frozen “icepack” to help keep lunches cool so children want to eat it.

Here’s another great idea for school kids – big and small.

Mini Pizzas (makes four serves)

Ingredients:

4 x wholemeal or multigrain English muffins.

4 x teaspoons tomato paste.

1 x cup reduced fat grated cheese.

Try any of these toppings:

1 x cup of cup of any chopped or grated vegies: cap-sicum, zucchini, carrot, mushrooms, etc.

4 slices of chopped ham, a small tin of baked beans or a small tin tuna.

Method:

Preheat the oven to 180oC, or set grill to medium.

Split each muffin and spread each half with tomato paste.

Your child can help to decorate the pizzas with top-ping and sprinkle the top with cheese.

Put the pizzas in the oven or under the grill until the cheese is melted and starting to bubble.

Take them out of the oven or grill.

Let them cool then wrap in plastic and place in the fridge or freezer until needed for the lunch box.

P&F report

Dear Parents and Friends,

Welcome to the last newsletter for this term.

Our P&F Market Day on September 17 was a busy one.

Thankyou to all parents who donated drinks to be sold at our P&F Coffee Corner, thank you also to parent helper Jenny Longmire and daughter Rebecca, we raised \$139.

The next Parents & Friends Market Day will be Saturday, October 22 and our next P&F meeting will be held after school holidays, on Wednesday October 19 in the school staffroom. All are welcome.

Parents and Friends Quiz Night will be Friday October 28 at the Oasis Restaurant at 7.30pm.

There will only be 96 tickets available, with tables of 6 people.

Tickets are \$12 each and are available at our next Market Day P&F Coffee Corner and at Desert Décor.

Thank you Taryn and Geoff Chick for assisting us with our ticket sales.

P&F Quiz Night is a popular and fun night so get in quick to get your tickets and see if your table can take home the Gnome of Knowledge, as well as some great prizes donated by sponsors and community members.

All money raised benefits the students of our school.

Happy holidays.

Annette Jackson,
for the Parents and Friends Committee.

PREPARING FOR UNI... University representatives met with senior students at RDAS this month to discuss career opportunities.

Investigating career opportunities

UNIVERSITY VISITS... On Monday September 5th Roxby Downs Area School was visited by two separate groups of university representatives.

The first group spoke to a number of students from Years 10-12 who have expressed an interest in pursuing a career in health.

Three medical students from Adelaide University spoke about different career pathways, including nursing, physiotherapy, dentistry and medicine.

The second presentation was aimed at students who intend to follow some form of higher education, whether through university or TAFE.

The presenters, Mr Graham Brookman and Ms Annette Davey explained the process of application to interested Year 11 and 12 students.

Applications for 2006 need to be in by the end of September so the visit was very useful for many of our students.

A message from the Principal

Dear Parents and Friends,

Farewell and Good Luck... We fondly farewell our Receptionist, Mrs **Ros Boothey**, who will be taking leave for the 4th term and then retiring.

She finishes up Wednesday this week.

Ros and her husband Colin have been part of our school community since the first day the school opened. She has worked for DECS for 28 years working at Kimba Area School for 10 years before coming here.

She has been an integral member of our Front Office staff for 18 years and has been the face every "new" parent see when enrolling in the school.

We congratulate and sincerely thank Ros for her wonderful contributions to the school over many years. We wish both Ros and Colin all the best for the future as they "build" in Cowell.

Choir Festival... Congratulations to all members of our Primary Choir who travelled with others from around the state at the Festival Centre in Adelaide.

These students were fine representatives of our school and we congratulate them and Choir Trainer, Mrs **Cheryl Boothey**, on a job well done. We thank **Mr Summerton**, parent helpers – **Wendy Lee, Ann Shields, Colin Nicholls, Tim Sonter** and 'Grandma Perry' for their assistance on the trip.

Year 9/10 SASSA Basketball... Congratulations and well done to the Year 9/10 boys and girls who travelled to Whyalla on Monday 26th September to compete in the Far North/Eyre Peninsula Secondary Schools Basketball competition. Both teams played extremely well, with the girls' team winning the Div II final.

Many thanks to Joel Roberts for driving the school bus and umpiring, Leigh Devlin and Chrissie Weaver for coaching, and to Shane Hodgson who learnt a new skill on the day and scored all the games.

Quality Assurance... Many thanks to those parents who have taken the time to fill out and return the recent Quality Assurance survey sent home to those randomly selected. We are grateful to those parents as their responses help to focus on areas that we may need to improve or maintain.

We always strive to provide the best learning opportunities for our students and we appreciate any constructive advice that will assist us in this endeavour.

Parent/Teacher Interviews... Many parents have taken the opportunity to make a time recently with their child/ren's teacher to check on their progress in school. It is imperative that there is a strong partnership between parents and the school.

If by any chance you have not had an interview and you would like one please contact your child's teacher to arrange one either before the end of term or early next term.

Flinders University Students... Last week we had six final year teacher graduates spend time in our school.

This gives them a taste of what it is like to teach in the country. As many of you would know there is a shortage of teachers, particularly in specialist areas, and we take every opportunity to encourage graduates to teach in the country.

Building Safety... Many buildings built prior to 1984 have often asbestos-related materials used in their construction.

As a result maintenance/building workers need to be alerted to the safety precautions needed in any buildings with this present.

From time to time we have a query as to the safety of I Block as some cement fibrous material has been utilised in these building.

We have this building inspected yearly and we have been assured that they are completely safe learning areas.

Health can only be affected by inhaling a large number of fibres that could be released into the air through cutting, drilling, grinding or sanding these materials.

Vandalism... Unfortunately we suffer vandalism from time to time.

Last weekend a window was broken in Ms Arthur's classroom and a CD Player stolen.

We ask community members to take an active role to watch over the school particularly during holidays and weekend periods.

The police have been asked to be especially vigilant over this time.

We will be pressing charges against anyone who is trespassing on school property.

End of Term 3... The pressure is beginning to build for our Year 12s as they strive to complete projects and prepare for final exams, which begin in Week 4. We wish them well over these final weeks.

School will be dismissed at 2pm this Friday, September 30.

We will be holding a final R-12 Assembly in Stadium 1 at midday and all parents are welcome to attend.

We thank everyone for their support of the school this term.

We wish everyone a safe and enjoyable two weeks holiday time with their children.

We look forward to everyone returning safe and well on Monday, October 17.

*Jim Michalanney,
Principal.*

SBNA success for students

CONGRATULATIONS... Congratulations go to Year 12 students Paige Aldenhoven and Melissa Roach who successfully completed their Certificate II in Retail Operations as part of their School-Based New Apprenticeship (SBNA) Studies.

SBNAs are an excellent opportunity for Year 11 and 12 students to stay at school and complete their South Australian Certificate of Education (SACE) whilst still being a paid member of the workforce.

STUDY SUCCESS... Paige Aldenhoven and Melissa Roach successfully completed their Certificate II in Retail Operations as part of their School-Based New Apprenticeship (SBNA) Studies this month.

Paint supplies direct to the Outback

PAINT SUPPLIES of SA...Paint Supplies of SA is a family business which began in 1990.

Owned and operated by Gary and Vicky Johanson, the business's friendly and experienced staff are now available to supply to customers in Roxby Downs and surrounding regions.

Paint Supplies of SA offers a range of quality products at bargain prices and can arrange appropriate delivery to Roxby Downs.

Talk to the team at Paint Supplies of SA for professional advice to find the right product for your painting job - then order over the phone, no fuss!

Paint Supplies of SA began from Gary and Vicky's backyard shed, but since 1995 has been located in their huge warehouse at Hendon where it now serves the needs of the public, small and large business and in particular the rural community both in SA and interstate.

Paint Supplies of SA not only handles paints for

LOCAL SUPPORT...Paint Supplies SA now supplies to customers in Roxby Downs and surrounding regions.

houses, cars, boats, machinery - but also specialises in heavy-duty anti-corrosive coatings.

Major quality brands such as Solver, Watty, Ameron, Cabots, Feast-Watson and the POR 15 range of anti rust coatings are just some of the huge range available. In fact this is one of the largest selections of top quality coatings in Australia all under one roof. This means that orders can generally be sent on their way the same day.

With the vast range of anti-corrosive coatings on hand, Paint Supplies of SA can assist with specialist advice on how to protect valuable investments such as trucks, boats, cars, trailers, silos etc. No single product will cover all situations so it pays to ask

if you want to save a lot of time and money.

Factory floor coatings and food grade approved coatings for walls and floors of butcher shops, dairies, piggeries are another specialty area.

These products are extremely strong and reduce cleaning times giving the surface a very professional look.

Paint Supplies of SA buy a lot of their stock by the semi-load and are able to pass on significant savings to their customers.

They carry just about everything you could need from brushes to spray guns and rollers or abrasives.

Gary and Vicky welcome you to call in and see their enormous range of quality discounted coatings.

You can be assured of prompt friendly service.

Deliveries can be arranged to all states and the Northern Territory. EFTPOS facilities are available for telephone orders and Paint Supplies of SA is open seven days, including Sundays and public holidays.

Beat the heat

COOL OR COSY...Beat the heat this summer with a complete cooling and insulation system from Cool or Cosy.

Cool or Cosy install both split system air conditioners, and the essential insulation and roller shutters to ensure your power bills are low while your comfort levels are high.

"Consumers don't always realise that they are wasting time putting in air conditioning without appropriate insulation - they just end up paying exorbitant power bills," Peter Burner of Cool and Cosy told *The Monitor*.

"On top of that, you need to protect against the setting and rising sun by using shutters to keep out the radiant heat through your windows and get the best of your cooling systems."

Cool or Cosy visit Roxby Downs regularly to install their range of high-wall split systems, designed specifically to the company's stringent requirements and offering a five-year warranty on parts and labour.

At the moment, if you install a Cool or Cost split system air conditioner, you'll pay nothing for six months - in fact, the summer will be over by the time you have to come up with the cash, and

you'll already have benefited from one of these slim-line modern systems.

This is a limited offer and conditions apply so talk to your Cool or Cosy consultant today for more details.

Or ask the team about their Enviro-Shutters - using a unique profile these shutters can be customised to your requirements.

"They offer security, protection against the summer heat and look good as well," Mr Burner said.

"We also have a special offer on our Enviro-Shutters at the moment - buy three or more installed on your house then we offer free installation

Behind the scenes, the next step is insulation from Cool or Cosy to make sure your air conditioner can do its job efficiently.

Cool or Cosy carries the full range of insulation products so they can identify the most appropriate insulation for your home. Cool or Cosy has also been manufacturing Cellulose Fibre Insulation for more than 20 years, an environmentally friendly product made out of recycled newsprint treated to make it fire and insect retardant plus non allergenic and non irritant.

This insulation also discourages vermin, like mice.

Cool or Cosy's Cellulose Fibre Insulation is guaranteed for the life of your home.

"If your current insulation is 20 years or more old then it probably isn't working as efficiently as you may think," Mr Burner said.

"Did you know that old batts shrink and lose performance over the years, reducing their 'R' rating and costing you money with increased energy bills?"

"Cool or Cosy offers a top-up service by spraying new insulation over your old batts, a lower cost alternative to replacing old insulation."

So talk to the Cool or Cosy team about their total cooling systems for your home.

For a free no obligation quote, call Cool or Cosy on 8352 5588 or 13 33 34.

Before After

Grand opening of new paving centre in Kadina

AUSTRALIAN PAVING CENTRE...Home builders in Roxby Downs can now access a massive range of masonry products through a new business in Kadina. One of Australia's most comprehensive ranges is now available to regional South Australians at the new Australian Paving Centre (APC) – Yorke Peninsula/Mid North.

APC – Yorke Peninsula/Mid North now offers a huge range of quality paving, brick and block products from its new showroom on Port Road in Kadina.

Backed by the buying power of 27 manufacturers, the new APC store will

also offer a range of specialised services include brick-cutting and trailer hire.

Sand and cement is also available along with a range of side products including kit pergolas, letter boxes and plenty more.

The centre offers customers, both home and trade,

some excellent project ideas, including paving, wall, step and retainer wall products in a huge range of products and styles.

And if your looking for ideas it's as easy as APC – the new showroom, built by local tradespeople is a real showcase of project ideas.

APC Yorke Peninsula/Mid North will offer customers monthly specials and regular sales all backed by an expert team of locals who will advise you on products and installation requirements.

The new business will hold an official Grand Opening on the weekend of October 8 and 9, and has extended

an open invitation to customers to join the celebration and take advantage of some great opening specials.

Australian Paving Centre Yorke Peninsula/Mid North is located at ort Road, Kadina ph 8821 2077 or email apckadina@australianpaving.com for more information.

LOCAL TEAM... Garry Baker - of Roxby Downs' longest-running building business, Garry Baker Building - with team members Dayna Judd, Cort Fraser and Steven Webber.

Local builder's summer services

GARRY BAKER BUILDING... Roxby Downs' longest-running building business now offers an expanded range of services – just in time to make your summer as comfortable as possible.

Imagine lying back in your own pool or spa during the hottest days of the season – well, with Garry Baker Building, that dream can be a reality.

Whether you're installing a pool or spa, or just upgrading your current outdoor living area with new pool fencing, paving, retaining walls or pergolas - Garry Baker's local team

can get the job done.

If it is finance holding you back we can arrange that too. Kerry Dunn of Mortgage Choice visits our office on a regular basis and can arrange very competitive home loan rates, allowing you peace of mind that you can afford the luxuries of life we all dream of.

And it's not just outside that can benefit from the team's expertise – Garry Baker Building is currently offering Air Conditioner summer start-up services for just \$42.50 plus GST - including a 'mini dose' to keep your air conditioning running smoothly and hygieni-

cally through the hottest months.

Garry Baker Building is now a warranty agent for LG, as well as supplying and installing air conditioners at very competitive prices – so if Garry Baker Building is where the experts go...shouldn't you go there too?

To learn more about the huge range of pool and spa services at Garry Baker Building, or to take advantage of the team's summer start-up services for your air conditioning, or to arrange finance – chat to the friendly team by telephoning 8671 1353.

FIVE STAR ROLLER SHUTTERS... Five Star Roller Shutters, owned and operated by John Yull, began in 1997 - originally in Adelaide.

"I've been installing for the last eight years," John told The Monitor. "And now, our service is available to Roxby Downs homes and businesses."

In October last year John and his wife Sherry moved to Port Pirie, and continued to offer the best service and advice when it comes to the look and function of your new roller shutters.

John has the experience of installing thousands of roller shutters to homes across Australia, all the way from Darwin to the far West Coast of South Australia and central and western Victoria to New South Wales and ACT.

"I also do repairs to basically any make and model of roller shutters," John said.

Roller shutters add to the appearance, security and value to your home or business, according to the operator and they are available in a wide range of colours in order to suit each individual house.

Five Star Roller Shutters has low overhead costs and can save you hundreds, even thousands of dollars by dealing direct.

The shutters are made from roll-formed aluminium and are injected with a polyurethane foam filling that insulates against heat, cold and noise.

People working shift work have found the roller shutters perfect for blocking out light so that they can enjoy a good sleep, even during the day.

"They also help to keep your house cool in summer and warmer in winter, and they are a huge boost to security," John said.

"I am keen to assist people to match the best design and colour for different types of windows and houses."

The right roller shutters enhance not only the look of a house or office, but the value as well. The shutters are available with manual winder controls, in electric or 12 volt solar-powered, and even with a remote control.

They can also be hard-wired to the smoke detector in your home for added security, according to John.

"There are various applications," he said. Five Star Roller Shutters come with a five-year guarantee and full insurance coverage. "You can even stagger the purchase. The shutters don't all have to go up right now," John said. "Others can be added six to 12 months later to stagger the expense."

Five Star Roller Shutters provide a prompt and courteous service for its clients - staff are prepared to travel - and John promises to leave your home clean on completion of the job.

John Yull will be visiting Roxby Downs in the first week of October -to book an appointment, telephone 0413 861 199.

OCTOBER 12 WEDNESDAY

COUNCIL SNIPPETS

Upcoming Works...The Bushfire Prevention Committee has recently had a meeting, with changes to the CFS Act and the upgrade of the Bushfire Prevention plan to be addressed.

Council has ordered a number of replacement electricity meters for Axehead Road, Finniss St, Pioneer Drive, Wilaroo Street and Eyre Court – customers are advised that changeover of meters will take 10-30 minutes approximately for each meter, however, contractors will be flexible with change over times to suit individual customers. Council is expecting to change in excess of 200 meters this year and work will commence mid to late October 2005.

Target of verge parking throughout the township. Weed spraying throughout the township. Complete plant room upgrade at the swimming pool complex.

Completed Works...Weeds clean up around town water supply pump stations.

Electrical, Telstra and gas service connections to 23 Tiliqua Crescent.

Technical design on the pool plant room and upgrade has now been completed.

Works in Progress...Sewer Pump Stations E, F and G have been having problems with massive quantities of oil and fat causing blocking to pumps and pipe work. Council reminds residents to refrain from placing fat and oil into household drains.

Repairs to sprinklers in Richardson Place due to vandalism.

Due to increased vandalism during the last few weeks, repairs have been undertaken in the Lions Park, and most recently to damage to the Radio Station laminated window.

Upgrade to the swimming pool at the Recreation Centre.

Parking...Ongoing parking control action is being undertaken around town with several warning notices being issued. Residents are reminded that parking in the Richardson Place Bus Zone is restricted to buses only and that along with parking on road side verges is a traffic offence subject to the issue of infringement notices.

Road Closures...Will take place in the southern sub-division due to site works.

Vandalism...Council urges all residents to report instances of vandalism to the police and Council. This is your community and your rates are being wasted by these types of action so your help is essential.

Rates...Rates for the 2005/06 financial year have been declared and Rates Notices with accompanying Budget and Rate Summary Explanation have been issued. First instalment is due on 30 September 2005.

Water and Electricity Accounts...Water and electricity meters are currently being read. Please ensure that there is safe access to your meter.

Dog Registrations...Dog Registrations for the 2005/06 financial year became due and payable from the 1 July 2005. Grace period for registrations expired on 31 August 2005. Thereafter an \$80 expiation fee applies.

Local Website...Visit your local updated website. New Forums have now been added. Read what's new and have your say in the Forums at www.roxbydowns.com.

Street Lighting...Is there a street light not working near your home? Please include the exact location (street, house number) when reporting to assist in easy identification for repair.

Rubbish Collection...Residents are reminded that there is a limit of one bin per household for weekly rubbish collection.

Opal Road Landfill Opening Hours...Tuesdays, 8am to 12 noon, Thursdays 1pm to 5pm, Saturday & Sunday 10am to 4pm.

Out of hours access call 08 8671 1154.

Council Office Hours – General...Monday to Friday – 9am to 5pm.

Council offices will be closed on Monday, October 3, 2005 – Labour Day Holiday

Nominate now

Roxby Downs is a unique and wonderful place to live, work and raise a family.

This is a direct result from ordinary people within our community accomplishing and achieving extraordinary things.

Now is your opportunity to identify those people and events within our community which, over the past twelve months have:-

- made an outstanding contribution,
- have given outstanding service to the Roxby Downs and Olympic Dam communities over a number of years,
- have demonstrated a willingness to give of their time, talents and energy to ensure that Roxby Downs continues to thrive and remain the great place that we can all be proud of.

Australia Day Award nomination forms are available now from the Roxby Downs Council.

Nominations close Monday, November 28, 2005 at 5pm.

Friendly new faces

COUNCIL STAFF...Roxby Downs Council last month welcomed new customer service officers Erin Woolan and Kelly Treloar. While Erin, 25, grew up locally and moved back to Roxby Downs last year to be closer to family - Kelly, 23, worked on several mining sites before joining the Olympic Dam operations team last year. Both women are seeking new challenges in their council roles.

The Roxby Downs Community Plan Update page is a paid community service, provided by the Roxby Downs Council.

COMMUNICATION STRATEGY

'Communicating Widely' is an important cornerstone in the delivery of the Community Plan. Keeping the wider community fully-informed and educated stimulates discussion, debate and action. Communication methods will include press, radio and the Internet. *The Monitor* has made a full page available each fortnight to report on the activities of the Community Board, Forums and Partnerships and to distribute news and information about the Community Plan. Today's inaugural page provides a snap shot of what has been happening behind the scenes over the last few weeks.

FAMILY AND YOUTH

Family and Youth Officer Tom Beever has set up an office in the Cultural Precinct (across the courtyard from the Doctor's surgery), in Roxby Downs.

SUPPORT...Family and youth officer Tom Beever has hit the ground running after his recent appointment.

Accessibility and confidentiality are fundamental to the role and this central location is the perfect spot to pop in for a chat. Tom's job includes actioning strategies associated with the Strengthening Families Program. Supported by BHP and the Health Service this program will help promote healthy families and strengthen their ties with the community. Tom will help families con-

nect with sporting and community groups and link into volunteering opportunities. In times of crisis people can contact Tom for help in resolving issues causing anguish. Tom can provide assistance through confidential counselling, friendship, guidance or referrals.

The definition of family is wide reaching and covers all age groups. It is important to remember that everyone who comes to live and work in Roxby is part of a family. Tom can be contacted on 8671 2892 and is available by appointment if required.

ANNIVERSARY!

Today, September 29, is a symbolic day in the history of the Community Plan.

In 2003 the first meeting of the Roxby Downs Community Board was held and in 2005 we celebrate the first edition of Community Plan Update.

The inaugural Board was established to provide overall direction and advice on the development of a Community Plan.

With the Community Plan now finished we are now embarking on the next exciting stage – implementation.

Many thanks go to the original board members—Phillipa Weltner, Ben Garwood, Mel McCarthy, Karen Grantham, Wayne Morris, Wendy Osborne, Brenton Smith, Justine Ward, Jason Wilson, Rev. Tom Beever, Fr Jim Monaghan, Kathy Wooldridge and Bill Boehm for their tireless efforts, enthusiasm, and commitment to the strategic process.

To date eleven nominations have been received for the new Board and interviews are currently being organized.

The composition of the new Community Board will be announced in the coming weeks.

It is anticipated that there will be a mixture of old and new faces.

BUSINESS FORUM

People who nominated for the Business Forum attended an inaugural meeting on 12 September.

This was the first of the six Forums to meet since the Community Plan was completed.

The purpose of the first meeting was to elect interim officers so that the process of establishing an incorporated association can begin.

Mark Beenham from Beenham Elite was elected as Chairman and Jeremy Martin from Eures Support Services as Deputy Chairman.

Alex Barker, in his capacity as Executive Officer of the Forum, will act as Secretary. Ray Goldie, who facilitated the meeting, explained that as an Association the Forum will be able to apply for grants in

CHAIRMAN... Local businessman Mark Beenham has been elected chairman of the Business Forum.

its own right. All those present agreed to encourage other businesses to become involved noting that it was important to achieve a balance across all sectors. Many business sectors are represented in Roxby Downs including retail, contractors, tourism and hospitality, financial and real estate services and home based businesses.

A subsequent meeting of the Business Forum was held on September 26, to enable the group to review the goals, strategies and timeframes detailed in the Implementation framework. The outcomes of that meeting will be reported in the next issue of Community Plan Update.

SUPPORT YOUR SPORT

The first meeting of the Sports and Recreation Forum was held on September 14.

This meeting targeted those who had expressed an interest in being part of a steering group.

Those present will help establish a forum that addresses issues surrounding sport and recreation.

The next 18 months are important for sport and recreation because of the expansion and the need to plan for future growth.

The Forum is an opportunity to guide the way sport is delivered and tackle issues such as volunteering and funding.

One of the major points of discussion during the meeting was the need to have representatives from all sporting and recreation groups involved.

It was decided that all groups be invited to nominate a representative to attend a meeting on October 19.

At that meeting the Chairman, Deputy Chairman and Secretary will be elected.

This will set the ball rolling to establish an incorporated Association.

The next step for the Forum will be to review the strategies, goals and timeframes detailed in the implementation framework.

One of the suggestions to come from Wednesday's meeting was to include a sporting calendar in the new Welcome Pack for new residents.

Alan Male, a consultant with extensive background in sport and recreation facilities development and strategic planning, has been engaged by Council to work with the Forum and individual clubs to identify current and future needs and issues.

His expertise will be a valuable resource.

HAVE YOUR SAY!

Do you have an issue that you want raised at any of the Board meetings or Forums.

Do you have suggestions, ideas or feedback that you want passed on for consideration at any of the meetings.

If so please send an email to Michelle Hales Executive Officer of the Community Board community@roxbycouncil.com.au or send a letter to Michelle at PO Box 124 Roxby Downs SA 5725

RAINE & HORNE...The Opal Palace is a spacious family home of three bedrooms in Andamooka with a huge, tiled lounge with feature double doors to front and hallway, good size dining area, beautiful updated timber kitchen and large bathroom.

Outside is a large, enclosed rear verandah area, huge shaded pergola area with crazy stone retaining walls and another side pergola area. As well as parking, workshop, storage area and aviary.

Inspection is a must - phone David Murley 0412 050 200.

OPAL PALACE...This Andamooka home offers real Outback comfort for an investor or home-buyer.

— **property spotlight - Lin Andrews Real Estate** —

12 MIRRA ST...This Roxby Downs property offers an easy-care lifestyle.

LIN ANDREWS REAL ESTATE...Offering a very relaxed and easy care lifestyle, 12 Mirra St is a fine example of an executive home in Roxby Downs.

This property offers a huge four-bedroom home, plus a well-appointed one-bedroom separate unit.

Absolutely immaculate throughout, this home offers four good-sized bedrooms, all with built-in robes, ensuite to master bedroom, a master bathroom that is central to the other bedrooms, open plan kitchen, dining and living areas.

The finishing touches make the difference, with very good quality window treatments and floor coverings throughout.

There is access available through a sliding door to the outdoor entertaining area from the dining room, ducted evaporative air-conditioning and separate laundry with exterior access also.

The magnificent outdoor area is packed with features including manicured gardens, an under cover outdoor entertaining area complete with fish pond and copper, large garden shed, double carport, in-ground swimming pool, lawn area and extensive verandahs.

The separate unit is also of excellent quality and includes its own bedroom, kitchen, bathroom and small living area.

Perfect for a teenage retreat or could even be rented out privately - it's up to you.

A viewing of this home is an absolute must, there is absolutely nothing that is required to be done to this property - you would simply have to move in and that's it.

For further details, contact Lorraine Aubrey at Lin Andrews Real Estate - Roxby Downs on 8671 2000.

HELP PROTECT AUSTRALIA FROM TERRORISM

Every piece of information helps

SOME THINGS TO LOOK OUT FOR

Terrorists rely on surprise, so there's no definitive list, however local and overseas experience has given us some possible warning signs to look out for. Examples include:

- Unusual surveillance, videotaping or photography of official buildings, energy installations and important sites
- Vehicles parked near significant buildings or in busy public places for long periods of time
- Packages or bags abandoned in public places such as malls, buildings or train stations
- Suspicious purchases or possession of large quantities of herbicides, chemicals or explosives
- Unusual uses of accommodation such as garages being used at odd times of the day or night

Small pieces of information from members of the public can help keep Australia safe from terrorism. Police and security agencies are working hard but you could help them complete the picture.

If you see anything suspicious call the 24-hour National Security Hotline on 1800 123 400. Our trained operators take every call seriously and you can remain anonymous.

Remember, every piece of information helps.

FUN RUN...A group of Roxby Downs residents joined the record-breaking 19,500 people who walked, ran or wheeled their way through the annual Sunday Mail City to Bay Fun Run on September 18, 2005.

Rachel Young completed the 12km run with her husband, Mark, in just over an hour.

"I am still bouncing of the walls.

"It was unbelievable - definitely worth the effort," Mrs Young told *the Monitor*;

Ellen Litchfield from Wilpoorina Station, Marree also participated, doing the 12km walk.

"It was heaps of fun. A good way to exercise, have fun with friends and raise money for a needy cause," Ms Litchfield said.

"I'm definitely going to do it again next year, and hopefully get more of my friends involved."

All the Far North contestants finished the Fun Run in good form, catching up after the race to enjoy the stalls and entertainment.

Roxby Downs Leisure Centre staff hope to get a group from the local gym together to train up for the 2006 Fun Run. Keep watching *The Monitor* for more information.

Low deposit on house and land packages

TRIED AND TRUE...Alpine Constructions' locally-built homes come with a variety of extras already included in the price - double carport under main roof, driveways, paving, substantial verandah area, airconditioning and heating, even floor coverings and built-in robes, all on a solid raft footing foundation.

ALPINE CONSTRUCTIONS... Long-running local builder Alpine Constructions is offering, in conjunction with BHP Billiton, House and Land Packages in Roxby Downs to all eligible BHP Billiton employees this month.

Alpine Constructions has been building homes in Roxby Downs since 1986 and is now BHP Billiton's preferred builder for Olympic Dam's latest land offer to employees.

"There's a lot of hidden costs in building, but because we've been working so closely with Olympic Dam for so many years

we've been able to lay everything out on the table for our clients," local project manager Lee Young told *The Monitor*.

"Don't risk all the extra costs on a transportable that, after you pay the big bucks, simply may not be compliant - Alpine offers the entire package, ready to move in, with no hidden costs."

Alpine Constructions has been building homes in Roxby Downs since 1986 and is now BHP Billiton's preferred builder for Olympic Dam's latest land offer to employees.

Alpine Construction has

built more than 400 homes in Roxby Downs since the town was established and is now offering new house and land packages.

"In fact, when you're shopping around for your new builder, it's smart to take our specifications with you and ask our competitors to quote for the same work and inclusions - you'll be surprised at the price difference," Mr Young said.

"These homes are built to a superior specification and all of BHP Billiton's requirements, so before you go somewhere else for your new home - make

sure you've got the whole story.

"With Alpine - who already has approval from lenders and mortgage insurers for Roxby Downs - purchasers may need as little as five per cent deposit to buy a home, and you could move into your new, three-bedroom home for as little as \$315 a week."

Some banking conditions do apply, so please talk to your local Alpine project manager Lee Young - 0438 812 158 - about Alpine Constructions' new house and land packages in Roxby Downs.

Challenge participants mark 12-week milestone

BODY CHALLENGE... More than 25 people completed the Roxby Downs Gym's second 'body transformation challenge' last week.

Participants in the lifestyle and fitness program lost a combined 58.6kg of body fat and 531cm of body mass during the 12-week program.

For the first time, first prize was awarded to two equal winners - Robert Gray and Lee Reynolds. Robert Gray lost 9kg of body fat during the challenge and reduced his resting heart rate by an incredible 29 beats per minute.

While Lee Reynolds lost 8.5kg of body fat and significantly improved both her fitness and strength.

"I've just met so many nice people through the gym - that's really been the best thing about the challenge," Reynolds told *The Monitor*.

"I feel great and I want to thank everyone at the challenge for their support."

Program coordinator Michelle Duggan congratulated the body challenge participants and applauded the gym instructors for their dedication to the program.

"It's been another really

BODY CHALLENGE...More than 25 people completed the 12-week body transformation challenge at Roxby Downs Gym this month.

successful challenge and we're all just blown away by the results," Duggan told *The Monitor*.

"The feedback we've received - about the lifestyle changes people have made - is very rewarding.

"Anyone can lose a little bit of weight - but to change your whole lifestyle is a real achievement.

"People had so many different reasons for joining the challenge - and so many of them surpassed their goals."

A third body transformation challenge will be held in early 2006.

AUCTION & GOLF DAY...The 15th annual Roxby Auction and Golf Day raised almost \$50,000 on Saturday, September 17 for the Royal Flying Doctors Service. While final figures are still being tallied, the donations stand at around \$49,000 this week.

"The day was excellent - it exceeded all expectations," local RFDS Auxiliary president Shirley Gow told *The Monitor*. "A big thankyou to all those who, in any way at all, helped on the day - especially the Golf Club, the Auxiliary and Richard Earle of Landmark Auctioneers." The Roxby Downs Auction and Golf Day is SA's single biggest Outback fundraiser for the RFDS, but the local community supports the service all year around," Mrs Gow told *The Monitor*.

"On auction day the auxiliary handed over \$100,000 which was collected locally in the 2004/2005 financial year. So, a big thankyou must go to the community who give generously every year."

Top auction items on the day included bids of \$540 for a 10kg bar of Cadbury's Milk Chocolate and \$1400 for an RFDS flag. Sporting memorabilia and toys brought in some big bucks, but the top-selling item on the day was the Outback Chefs dinner for \$1800.

In the golf, the winners of the 'front nine' were Danny Haines, Nick Jarman, Greg Roberts and Wayne Drogemuller.

The 'back nine' was won by Brett Woodall, Daniel Robinson, Mark Dillon and John King.
